Re: Bureau teletypes 11/22/63, 8:00 P.M.;  
11/22/63, 10:29 P.M.; 11/23/63, and 11/24/63.

On the evening of 11/22/63, upon instructions of the SAC and the ASAC, the following steps were taken in accordance with Bureau teletype 11/22/63, 8:00 P.M.

SA WILLIAM F. GLOSSA AND SA THURL STALNAKER, who coordinate the criminal and security informant programs, respectively, were instructed to furnish to night clerk MICHAEL BARLETTA the identities of logical criminal and security informants and sources to be contacted and Clerk BARLETTA was instructed to notify each senior resident agent to have these sources contacted. Clerk BARLETTA, SAs GLOSSA, STALNAKER and SLIFKA also notified appropriate headquarter city agents to contact logical sources.

The above was done on the evening of 11/22/63, and the morning of 11/23/63, and the informants and sources contacted advised they had no information bearing on the assassination of the President.

The New Haven Office in the past has conducted a survey to develop information concerning any known Klan, hate group, and bombing suspects in Connecticut, and this investigation did not develop any concrete information indicating individuals in groups of this type existed in Connecticut.

Bureau teletype 11/23/63 instructed that daily summaries need not be submitted, and, accordingly, the results of the above were not furnished the Bureau.
